RECENT EVENTS: Hands on History not covered in July meeting. Jeff M. and James H. attended.

Attendance this year was far below previous years. Suspect heavy storms that date caused low attendance. Jim H and Madison H. supported Marine Corps League in Bastrop. Not a lot of attendance (small town held at Farmers Market) but it was enjoyable. James B. attended a Car Show in Dripping Springs with his jeep. Not any other military vehicles present, but he joined up with later model jeep owners and enjoyed himself. He had a lot of interest in his vehicle. Nimitiz Museum Parade was cancelled for us as they only wanted WWII vehicles. Also found out by way of Danny K that San and Lisa did attend the National Convention this year; they were the only LSMVPA members to attend. Toby sent a “Hello” from Arizona – trying to get one of his vehicles there running.

UPCOMING EVENTS: Short discussion on all events coming up. Notables: Burnet Air Show; no information to us as yet. Rory will contact them for updates, etc. LaGrange Parade – only five members have sent in applications so far. Need to send ASAP to Charles M. if you plan on attending. Robert R. asked to have Fort Worth Air Museum fund raiser posted on next years schedule on next to last weekend in April. Jim H will post. Robert encouraged attendance as local MVPA did not support this past year.

OLD BUSINESS: Archival of trophies and photos discussed, Jim H found trophy cases in Dallas (with transport to Austin store) for about \$300 (48”x78”x18”). Still no location found for display as yet. Will continue to search.

NEW BUSINESS: Madison H raised a question on currency of club flyers and specifically at the museum. Barry had placed some at the museum but they keep disappearing. Madison has some lexan stands for flyers (originally Danny K’s) and will see about engraving to preclude others from switching out our flyers for other flyers.
